comparison date 05/06/2015

Change 0

Overall numbers were back and the quality still remains good despite colder weather starting to set in. Lighter weight weaners were in larger numbers while steers over 300kg were keenly sought after by feedlots. There was also good numbers of PTIC cows and a much plainer run of cow and calf units.

Weaner steers under 200kg sold from \$450 to \$640/head to average 335c/kg. Medium weights ranged from \$535 to \$785 and heavy weights returned \$770 to \$945/head, averaging between 290c and 305c/kg. Weaner heifers sold erratically but the better supplied medium weights ranged from \$470 to \$650/head, averaging 220c to 240c/kg. Heavy yearling steers topped at \$1,260/head and heifers reached \$890/head. Most of the steer purchased by feedlots sold from \$900 to \$1,000/head.

PTIC cows mostly sold between \$1,100 and \$1,200 and topped at \$1,270 while PTIC Shorthorn heifers made \$1,280/head. Cows with calves at foot reached \$1,450, with most selling between \$1,100 and \$1,300/head.
